

FTW

Cone Mixer »

Mixing Machine Series

- Fixed double columns, auto - feeding & mechatronic mixing, easy to operate.
- Enhanced efficiency and effectively prevents cross - contamination.
- Closed - barrel mixing ($\geq 99\%$ uniformity), 316L inner wall, 304 body.
- 5L - 2000L Cone Mixer, ideal for poor - fluidity materials.
- High efficiency, low energy, easy to operate, clean and maintain.
- PLC control with authority management, meets FDA/GMP traceability.
- Applied for APIs, spices, detergents and water - soluble fertilizers.
